## District Mission Statement

The Jackson Center Local School District will partner with students, their families, businesses, industry and the community to provide a learning environment which increases student achievement so all of our students can be successful in an ever changing and challenging world.

## High School Mission Statement

The mission of Jackson Center High School is to prepare students for the real world by:

- ❖ Teaching them to take responsibility for their own actions and life decisions
- ❖ Providing opportunities for students to achieve their full potential as effective members of society.

## Philosophy

The members of the Jackson Center High School staff believe that today's young people will need more than intellectual skills to meet the challenges of an ever-changing world.

For each student, we will promote the growth of self-awareness and self-acceptance, and the development of self-esteem and dignity, and encourage pride in effort as well as in accomplishment.

We will also work with students to develop positive values, to practice self-discipline, to assume responsibility, and to grow in personal character.

Furthermore, we will promote an understanding of human differences and try to stimulate the recognition of the worth of others by encouraging cooperative interaction.

We shall make available to our students the type of education that will stimulate a curiosity for learning that will become a permanent factor in their quest for personal fulfillment and that will help them to develop the skills and abilities they will need to become positive contributors in our society. Our educational program is designed to develop the ability to reason and to think logically; to use and encourage special interests, talents, and abilities of each student; to promote independent learning, to cultivate an appreciation of artistic beauty; and to develop creative self-expression.

We recognize that we will need active involvement and cooperation from students, parents, and the community in our endeavors.

### **Attendance Policy**

Ohio Compulsory Attendance Laws and Board Policy require all parents to send their school-age children to school each day that schools are in session. The law excuses absences for medical and a few other specific situations. Neither parents nor Ohio school districts are authorized to excuse absences for "skip days" or other truancy. Any student with more than 10 consecutive days or a total of 15 days in any semester will be reported to the Registrar of Motor Vehicles, State of Ohio and the county juvenile judge for suspension of a temporary permit or driving license.

It is the obligation and practice of the school to communicate with the home of the absentee during the day of the student's absence. All parents are requested to cooperate with this practice in the spirit of the student's welfare.

### **Truancy**

Unexcused absence from school (truancy) is not acceptable. Students who are truant will receive no credit for school work that is missed. A student will be considered habitually truant if the student is absent without a legitimate excuse for five (5) or more consecutive days, for seven (7) or more school days in one (1) month, or twelve (12) or more school days in one (1) school year. Furthermore, a student will be considered chronically truant if the student is absent without a legitimate excuse for seven (7) or more consecutive school days, for ten (10) or more school days in one (1) month, or fifteen (15) or more school days in one (1) school year.

If a student is habitually or chronically truant and the student's parent has failed to cause the student's attendance, a complaint will be filed with the Judge of the Juvenile Court in compliance with

State law. Habitual or chronic truancy can also result in:

- A. assign the student to a truancy intervention program
- B. provide counseling to the student
- C. request or require the student's parents to attend a parental involvement program
- D. request or require a parent to attend a truancy prevention mediation program
- E. notify the Registrar of Motor Vehicles of the student's absences
- F. take appropriate legal action

### **Absences**

One of the major aims of Jackson Center High School is to teach students to assume responsibility. Requiring students to be regular in attendance and punctual in reporting to classes is one way of developing responsibility.

**Absence from a class, even for good reasons, means the student misses lectures, instructions, notes, explanations, and discussions of course materials and problems. Absence can affect learning, progress, and grades. Even students who conscientiously try to complete make-up work cannot regain all they have missed when absent from class. Also, when colleges and employers ask for recommendations, one of their first concerns is a student's punctuality and attendance record.**

*School attendance particularly at the secondary level is a constant challenge and ever-present concern for educators. Our greatest concern is the excessive number of excused absences of some students.*

*Therefore, the Jackson Center Schools believe it is reasonable to require school and class attendance, in addition to academic performance, as a minimum requirement for granting credit in a class. With this in mind, class and school attendance requirements are as follows:*

- ❖ *This quarter/semester limit also applies to absences in individual class periods. Should the student exceed the previously-mentioned limits in any class period, the teacher may not grant the student credit for the appropriate grading period. (see grade reduction)*

Parents are responsible for students' absences. The ultimate responsibility for days missed, however, belongs with the student.

### **EXCUSED ABSENCES**

**Students will be able to make up in - class work missed for the following reasons:**

- ❖ Personal illness
- ❖ Illness in the immediate family
- ❖ Death in the immediate family
- ❖ Religious observance
- ❖ Quarantine
- ❖ Court Subpoena
- ❖ Other legitimate reasons which receive prior approval of the principal (this includes family vacations)

### **UNEXCUSED ABSENCES**

- ❖ Absences due to reasons which are not listed above
- ❖ Absences due to truancy
- ❖ Absences due to out-of-school suspensions or expulsions
- ❖ Absences in which required documentation (notes) is not provided to the school or is brought in past the deadline

**NOTE: Students who have an unexcused absence are to be permitted to complete or make up any work or assignments per teacher discretion (this includes quizzes or tests) missed in classes during the time of the absence but will receive only 60% of the earned grade on completed work. Three days is the maximum time allowed to complete missed work. Students who have an unexcused absence due to truancy (skipping school or class) will receive a zero (0) for all work which was assigned during those times.**

### Procedure for Absences and Return to School

- ❖ Parents are to notify the high school office the morning of the absence by either a telephone call or written message to inform the school of the reason and probable duration of absence. This contact should occur within the first hour school is session.
- ❖ If the school does not receive notification of the student's absence on the day of the absence, the school will attempt to call the parents either at home or work. It is the responsibility of the parents to verify the school's telephone call. A return call or note will be appreciated.
- ❖ Student absences may be: excused, unexcused, or truant.
- ❖ **Upon returning to school following an absence, the student is to report to the office with or without a note to have their planner signed for that date, which will be his/her admit to class.** If contact was not made by telephone or e-mail stating the reason for the student's absence and the date(s) on which the student was absent a note must be submitted to the office by the next day. Without an excuse, the student will receive an unexcused absence until presentation of an acceptable written excuse the next day. Three or more absences must have a note from a licensed physician and must be presented to the office on the student's return to school. The physician must state that the student was "medically unable to attend school". The beginning and ending dates of the illness/incapacitation must be given. Absences will be reviewed on a case by case basis as necessary at the discretion of the administrator and determined whether to be excused or unexcused.

### Academic Intervention for Excessive Absences Grades 4-12

Attendance at school needs to be of the utmost importance to students, parents and teachers. However, most students need to miss from time to time in the cases of illness, family emergency, funerals, doctor's appointments etc... When a student misses his or her fourth day of a school quarter, they will be assigned to a Saturday Study Session. These study sessions are not designed to be a punishment, but rather a chance to catch up on homework, tests or quizzes that were missed. They will be facilitated by a teacher and will take place in the middle school computer lab. Study sessions could last from 8:00-11:00, but all other circumstances involved will be at the discretion of the principal. Additional sessions will be assigned after the 6<sup>th</sup> missed day and then for every day missed beyond that – per quarter. Failure to show up at a Saturday Study Session will result in a Saturday Detention or further consequences.

### Grade Reduction

- ❖ A student who is absent from a class more than five (5) times in a quarter could receive a grade reduction for that quarter.
- ❖ All absences from class (except for school related activities) shall count in the cumulative total.
- ❖ Exceptions to this policy may be granted by administrative approval in cases of medically approved extended illness, hospitalization, pregnancy, or other situations which would result in the student being tutored/home instruction.
- ❖ Teachers will submit a form, "Grade Reduction" to the office if a student misses five (5) days from a class in a quarter.
- ❖ The office will notify the parents of the grade reduction possibility. The office will complete a review of the student attendance record before a notice is sent to the parent.
- ❖ Parents and/or student (18 years old) may, within ten (10) days, appeal in writing the grade reduction ruling to the Principal.
- ❖ If no appeal is made within ten (10) days, the grade reduction will stand.
- ❖ An appeal may be granted if the student's unexcused absences are minimal and the student completes all stipulations set by the attendance committee.
- ❖ The Attendance Review Committee will consist of the Principal, Guidance Counselor, and Classroom Teacher.
- ❖ Decisions to reduce grades will be final. Grade reductions cannot go lower than 64%.

### **Make-up Work**

When an excused absence occurs, students will be given an opportunity to make up missed work. The responsibility for making arrangements with the teacher concerning all make-up work rests with the student. The school policy is to allow the student one day to make up work for each day absent. In the case of an extended illness, special arrangements will be made.

The number of days the student has to complete "make-up" work due to an excused absence will be one day for each day missed.

### **Attendance and Absences Defined**

- ❖ Full Day Absence - any student absence during the school day for four (4) hours or more.
- ❖ Half-Day Absence - any student absence during the school day of two (2) hours to four (4) hours.
- ❖ Partial Absence - any student absence during the school day that is less than two (2) hours and not counted as a tardy.
- ❖ Tardy - any student arriving late to school in the morning up to two (2) hours for any unexcused reason.
- ❖ Every three tardies count as a half-day unexcused absence from school and will result in a Saturday detention.

A student absent for the entire day because of illness should not be in attendance at school activities for that day. A student must be in attendance for three and one-half (3 ½) hours of the day in order to participate in extra-activities and co-curricular activities for that day. Exceptions can be made on a case-by-case basis by the administration. A student with an excused absence due to other circumstances such as a college day or funeral may be permitted to attend and participate in activities on the day of the absence. A student who has been in attendance all week but is absent from school on Friday may compete and/or participate in activities scheduled over the weekend.

### **Early Dismissal from School-Permission**

Appointments with doctor, dentist, etc. should not ordinarily be made during school/academic class time. Any student who must leave school early for appointments must bring a written request signed by the parent or guardian to the office prior to the start of school on the day of the early dismissal. This request should state the reason and time of desired dismissal, tentative time of return, and telephone number where the parent may be reached. The student will be given an "Early Dismissal" form, which will serve as a release from the student's last class.

PARENTS MUST SIGN STUDENTS OUT IN THE OFFICE BEFORE THEY ARE PERMITTED TO LEAVE THE BUILDING. STUDENTS WHO DRIVING MUST SIGN OUT FROM THE OFFICE BEFORE LEAVING THE BUILDING. A written verification on "Early Dismissal" form must be brought from the doctor, dentist, etc., upon return to school. The student must sign in at the office and receive an Admit Slip back to class.

### **Withdrawing from School**

Parents/guardians of students who are leaving the school district due to moving, change of parental custody, or other acceptable reason must complete a withdrawal form. The student and/or parent/guardian must return the completed form to the office at least five days before the final day of the student. Any assigned school fees are to be paid at the time of withdrawal. The name and address of the student's next school are also to be furnished at the time of withdrawal.

### **Acceptable Use Policy – Computer Network and Internet**

The Jackson Center Local School District is please to make available to students access to the computer network and to the Internet, the world-wide network that provides various means of accessing significant educational materials and opportunities.

In order for the School District to be able to continue to make its computer network and Internet access available, all students must take responsibility for appropriate and lawful use of the access. Students must understand that one user's misuse of the network and Internet access may jeopardize the ability of all users to enjoy such access. While the Jackson Center Local School's teachers and other staff will make reasonable efforts to supervise student use of the network and Internet access, they must have student cooperation in exercising and promoting responsible use of this access.

Below is the Computer Network and Internet Acceptable Use Policy of the Jackson Center Local School District and WOCO that provides Internet access to the Jackson Center Local School District. Upon review this Policy as students have been directed, each student will be given the opportunity to enjoy Internet access at School and is agreeing to follow the Policy. The Jackson Center School District cannot provide access to any student who, if 18 or older, fails to sign and submit Signature page to the School as directed or, if under 18 does not return the Signature page as directed with the signatures of the students and his/her parents or guardians.

Listed below are the provisions of your agreement regarding computer network and Internet use. If you have any questions about these provisions, you should contact the person that Jackson Center Local School District has designated as the one to whom you can direct your questions. If any user violates this Policy and Agreement, the student's access will be denied, if not already provided, or withdrawn and he/she may be subject to additional disciplinary action.

### **I. Person Responsibility**

By signing the Signature page, you are agreeing not only to follow the rules in this Policy but are agreeing to report any misuse of the network to the person designated by the School for such reporting. Parents and students must realize that school bus transportation is a privilege to the student not a right. All school rules will apply to riding a school bus. Some specific guidelines for students riding a bus are as follows:

- ❖ Students are to remain seated at all times.
- ❖ Eating and littering are not permitted on buses.
- ❖ Parents are responsible for any damage to a bus caused by their children.
- ❖ Noise on a bus shall be kept to a minimum at all times to assure safety of operation. Reasonable conversation is permissible, but no yelling, screaming or shouting.

## **Athletic Training Rules and Code of Conduct- Revised 2006**

### **I. Introduction**

The following athletic training rules have been established for all of the sports offered in the Jackson Center Schools. The school and community recognizes that athletics is a valuable and highly visible component of the total educational program of the Jackson Center Schools. Many times, the impression that one forms of Jackson Center Schools is based solely on viewing one of our sports teams whether locally or at the state level. Furthermore, it has been established in our court systems that participation in extracurricular activities is referred to as a privilege, and not a right. These training rules and code of conduct have been set up with this in mind.

### **II. Athletic Training Rules and Code of Conduct**

#### **A. Dates of Compliance**

The Training Rules and Code of Conduct will take effect on the athlete's official first day of practice for the upcoming school year and will continue until the final contest of the last sport they participate in for that year, except in the cases of non-winter sport athletes. Therefore, there will be only one set of training rules for an athlete for the upcoming year, which will be kept by the athletic director. Ex. 1 - Volleyball player – begins with the first day of practice and ends with the final contest. Ex. #2 – Cross Country/Basketball/Track athlete – begins with cross-country and ends with track (under contract all year long). Ex. #3 – Volleyball/Softball athlete – begins and ends with volleyball season, and then begins and ends with softball season. (not under contract during the winter season).

#### **B. Alcohol, Tobacco- Products (any form), Drugs**

The athletic department and coaches would like to take a stern but proactive approach to this problem.

1. **Possession or use results in the immediate dismissal from athletics for the rest of the school year.** **Exception:** If the athlete provides proof of enrollment and then proof of completion in a drug or alcohol recovery and abuse program sponsored by the Shelby County Counseling Center or some other credible educational and preventative program, then the punishment will be lessened.

If the athlete and parents choose the exception, then the athlete will serve an immediate suspension equaling 20% of the number of games scheduled at the beginning of the season. Ex. – 20 game season = 4 game suspension. If the suspension takes place at the end of a season and there are not enough games to complete the suspension, the suspension will carry over to the next sport the athlete participates in using the equation from the previous season. Spring sports will carry over to the fall. Participation in practices, sitting on the bench during games etc. after being dismissed from the team is prohibited. However, if under suspension, the coach can decide whether or not the athlete can be involved in practices, sitting on the bench etc.

2. Those who can report a violation resulting in dismissal are as follows: A. any teacher, administrator, certified staff member, or school board member. B. any law enforcement official whether local, county, state, or federal. C. the athlete him/herself D. the athlete's parents

3. School administrators and/or athletic administrators who hear information pertaining to a violation of this section will investigate the matter further. The investigation will determine the disciplinary action taken, if any.

#### Criminal Activity

Involvement can result in anything from a minor reprimand to dismissal for the remainder of the season.

#### C. Attendance

Players at all levels are expected to attend all games and practices. Conditioning is not mandatory but strongly encouraged. A student must be in attendance at school for three and a half hours (3 1/2) to participate in extracurricular activities. Exceptions can be made on a case by case basis by the administration.

#### D. Grooming

1. Players should "dress up" on the day of the game, including going to and from the games. Coach's discretion on the actual dress on the day of a game or meet.
2. Hair should be kept clean and neat.
3. Anything that focuses undue attention on the individual and away from the team such as excessive hair growth (beards, mustaches etc.), excessive make-up, tattoos and hickies must be removed or covered. Any attempt to draw attention away from the team and on to the individual can result in extra conditioning, game or meet suspensions or dismissal from the team.

#### E. Joining A Team After the Season Has Started

There are circumstances under which an athlete can be permitted to join a team after the season has started – just moved into the school district, coming off an injury, becoming academically eligible, etc. This will be left to the discretion of the Coach, A.D. and High School Principal. Generally, athletes must be ready to go on the first day of conditioning or practice. An athlete in this situation may be asked to complete a minimum number of practice days before participation in a contest is allowed.

#### F. Overlapping Seasons

If an athlete is removed from a team for any reason, that athlete will be ineligible to participate in the following sports' preseason activities. However, as soon as the first day of official practices start, the athlete will be eligible as long as all requirements mentioned above are met.

If an athlete chooses to quit a team before the first contest, there is no penalty for that athlete. However, if the athlete chooses to quit after the first contest, then that athlete is ineligible for all other sports' preseason activities, Ex. Open gym, weight training etc. That athlete will be able to join the next sports' activities on the official first day of practice for the next sport or the summer whichever comes first.

#### G. Transportation

Transportation to all athletic contests will be provided by the school. All students are expected to ride the school bus both to and from the athletic contest. Any special arrangements for individual transportation must be requested at least one day in advance and approved by the principal or athletic director. "Matters of convenience" requests will not be granted. In the case of an emergency, the coach has the discretion to allow for individual transportation.

#### I. Due Process

If an athlete is suspended or dismissed from a team, that athlete is entitled to due process proceedings.

#### J. Other

If such disciplinary action is necessary, due process will be given to the student.

All students are encouraged to become involved in these school club activities to develop interests and leadership qualities. Many benefits can be gained from the friendships acquired through extracurricular activities.

### **College and/or Employment Appointments**

Realizing that programs beyond high school require interviews and appointments prior to graduation and to complete these plans may require school time, it is necessary to establish guidelines for all students.

### **College Visitations**

## **STUDENT RULES OF CONDUCT FOR GRADES 6 - 12**

### **Student Conduct "Zero Tolerance" Policy**

Good conduct is based on respect and consideration for the rights of others. Students will be expected to conduct themselves in such a way that the rights of others are not violated. The students of Jackson Center High School will conform to school regulations and accept directions from authorized school personnel.

A student who fails to comply with established school rules or any reasonable request made by school personnel on school property and/or at school-related events will be dealt with according to approved student discipline regulations. The Board of Education has a "zero tolerance" for violent, disruptive or inappropriate behavior by its students and such behavior is prohibited as set forth in the

Student Conduct Code. The Board also has a “zero tolerance” for excessive truancy and truancy from school, class, or study hall will result in disciplinary action as set forth in the Board's Student Attendance Regulations. All matters related to attendance, tardiness, or truancy may be referred to the principal.

### **Student Rules of Conduct First Warning**

The rules herein apply to all students when on or off school premises according to state law, at all school-sponsored activities and when aboard a school bus or other Board-owned vehicle. Your possession of these rules constitutes a first warning. No further warnings will be given to you. It is your responsibility to familiarize yourself with these rules and the consequences of violating them.

### **School Decorum**

The administration and faculty expects that all students will exhibit proper behavior and common courtesy. This is expected before, during and after school hours. As required by Ohio Revised Code 3313.661, the Jackson Center Board of Education has adopted the Student Conduct Code, which outlines those behaviors considered unacceptable and for which a student may be suspended, expelled or removed.

In addition, the laws of the State of Ohio outline the due process procedures, which must be followed in disciplinary matters. Please read and understand the following information. A copy of the Code shall be posted in a central location in the school and will be provided to each student.

### **Sexual Harassment**

Jackson Center High School is committed to eliminating and preventing sexual harassment in this facility. Sexual harassment is improper, immoral, illegal, and will not be tolerated. This policy is implemented to inform both students and personnel as to what sexual harassment is and what procedures are to be followed in dealing with sexual harassment within the building.

### **Definition of Sexual Harassment**

Ohio and Federal law defines sexual harassment as unwanted sexual advances or unwanted visual, verbal, or physical conduct of a sexual nature. Such offensive behavior includes, but is not limited to the following:

- ❖ Unwanted sexual advances including propositioning, repeatedly asking someone out for a date after it is clear that the person is not interested.
- ❖ Explicitly or implicitly offering employment benefits in exchange for sexual favors.
- ❖ Making or threatening reprisals after a negative response to sexual advances.
- ❖ Non-verbal conduct, leering; making sexual gestures; displaying sexually suggestive objects, pictures, cartoons, or posters.
- ❖ Verbal conduct: making or using derogatory comments, epithets, slurs, jokes; making sexually based remarks about another person's or one's own body.
- ❖ Verbal abuse of a sexual nature, graphic verbal commentaries about an individual's body, sexually degrading words used to describe an individual, suggestive or obscene letters, notes, or invitations.
- ❖ Physical conduct: touching, assault, impeding or blocking movement.

This sexual harassment policy is intended to protect against sexual harassment before it becomes actionable sexual harassment. The term “sexual harassment” is intended to mean sexual harassment in the broadest meaning of that term in current popular as well as legal use.

### **What To Do If You Are Sexually Harassed**

When unwelcome activities described above of a milder nature occur, the best thing to do is to say that you are uncomfortable with the behavior and ask that it cease. The student should promptly notify a teacher, counselor or administrator for assistance.

### **Hazing**

Students shall not plan, encourage, or participate in any form of hazing. Hazing is defined as doing any act or coercing another, including the victim, to do any act of initiation into any organization that creates a risk of mental or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing does not lessen the prohibition contained in this policy. Violation may lead to suspension, recommendation for expulsion, and/or legal action as contained in ORC 2307.44

### **Bullying/Cyber Bullying/Sexting**

Any intentional written, verbal or physical act that a student has exhibited toward another particular student more than once that causes mental or physical harm to the other student and is deemed severe, persistent and so pervasive that it creates an intimidating, threatening or abusive educational environment for the other student is prohibited and will result in being placed on the discipline ladder. ORC 3313.666

***Any person possessing, taking, disseminating, or sharing nude, obscene, pornographic, lewd or otherwise illegal images or photographs may be punished under the Code of Conduct and may be reported to the appropriate law enforcement agencies.***

### **Application of the Student Conduct Code**

The conduct code applies to the school premises, to all phases of school operations, including but not limited to curricular and extracurricular activities, while being transported on a school bus or authorized transportation and at any school-sponsored activity and to any other circumstance such that the conduct in question has an effect of disrupting school operations or otherwise depriving any student of educational interests or opportunities.

A violation of any rule may result in disciplinary action. Discipline may include assigned work; detentions; loss of privileges; written notice to or conference with parents; compensatory payment of damages; Saturday Detention; in school detention; Shelby County Alternative School; out-of-school suspension; expulsion; emergency removal; or referral to Shelby County Children's Services and/or juvenile court.

### **Administration of the Conduct Code**

**A student shall NOT, in any way, aid or abet another student in violating the rules of conduct. Students behaving in this manner will be disciplined.**

### **PROGRESSIVE DISCIPLINE**

**The administration of the student code of conduct will be progressive and cumulative for each individual student. The number of violations and/or seriousness of violations will determine the severity of the disciplinary action administered.**

Students are expected to understand and comply with all school rules. Students who disregard the rules or rights of others will be placed on Progressive Discipline. Once a student is placed on Progressive Discipline, they will progress to the next step based upon the offense. Depending on the nature of the offense, a student may also be recommended for expulsion. Progressive discipline is not necessarily a sequential list of measures to be taken.

- ❖ Saturday Detention
- ❖ In school detention
- ❖ Out of School Suspension
- ❖ Expulsion from school
- ❖ Other penalties that may be appropriate for a give discipline infraction as determined by the administration

### **Detentions**

There are two forms of detentions. The first being detentions assigned by the teacher and served under that teacher's supervision. At least one day's notice will be given to allow the student to make transportation arrangements.

### **Saturday Detention**

Students may be assigned to Saturday Detention for various violations of the student conduct code. Saturday Detention is a supervised silent study session from 8 a.m. to 11 a.m. Failure to serve a Saturday Detention will result in further disciplinary action.

The following guidelines are used when a student is assigned to Saturday Detention.

- ❖ Saturday Detention will allow students to work on school studies and improve their likelihood of success in the classroom. Students will be required to do school related work during Saturday Detention.
- ❖ Students should arrive at school with the necessary school supplies, i.e. textbooks, notebooks, pens, etc. Students will not be permitted to go to their lockers.
- ❖ Students will not be allowed to sleep or talk during Saturday Detention.
- ❖ Excuses such as job responsibilities, work at home, family obligations, school activities or lack of transportation are not acceptable reasons for missing Saturday Detention.

### **In School Detention**

Students will be assigned to the In School Detention room by the principal. Credit will be given for satisfactory work completed. A student while assigned to In School Detention is not permitted to participate in any school activities or to attend any school events through the duration of the detention until 2:35 p.m. of the last day. Exceptions may be made at the discretion of the principal. Where there is more than one-day detention, a student will only be counted as having one absence from an extracurricular event or practice, even though in actuality they will not be able to participate until after 2:35 p.m. of the last day of the In School Detention.

Major assignments/projects assigned prior to the detention will be accepted when completed in a satisfactory manner and full credit given by the assigned teacher.

### **Out-of-School Suspension**

The Out-of-School Suspension is used when students have not changed their behavior to that which is acceptable, even after repeatedly using other types of discipline.

There are times when Out-of-School Suspension will be used immediately because the offense is of the magnitude as to warrant that discipline. Such things that could warrant Out-of-School Suspension are possession of tobacco or tobacco products, fighting, aggressive behavior towards a school employee. These are examples and not a complete list.

When Out-of-School Suspension is used, the administration will follow due process and will allow the student a hearing, and will, whenever possible, contact the parent by phone and will follow the action with a letter to the parent or legal guardian stating their child's offense and the time to be spent out of school. **When a student is on an Out-of-School suspension they are not to participate in any school activities or attend any school events. In addition, while suspended from school, a student should remain at home during the hours school is in session. Refer to "Unexcused Absences" for policy regarding make up work.**

### **Expulsion**

If a student has received 3 days, 5 days, and 10 days out-of-school suspensions, their next severe offense will result in a 10 day out-of-school suspension with the recommendation for expulsion. The superintendent and Board of Education may find it necessary to expel the student for 80 days or the remainder of the semester, whichever is greater. If at the time an expulsion is imposed there are fewer than eighty (80) days remaining in a school year in which the expulsion takes place, the superintendent may apply any remaining part or all of the period of the expulsion to the following year.

### **Due Process**

The principal will keep a discipline record on every student who violates a school rule or regulation. Procedural requirements will be implemented in conjunction with suspension, expulsion, or emergency removal longer than 24 hours.

**Step 1:** The principal will review and give a written "intent to suspend" notice to the student being considered for in school detention, out of school suspension and/or expulsion which states the reason(s) for the intended action.

**Step 2:** The principal will hold an informal hearing with the student to discuss the misconduct and to permit the student to explain his/her actions.

**Step 3:** The parent/guardian will be notified in writing of the disciplinary action. An attempt will be made to notify the parent/guardian by phone. A conference may be arranged to discuss the seriousness of the misconduct and the action taken by the school.

**Step 4:** Appeal procedures that follow Ohio Revised Code and board regulations are indicated on the suspension notices.

### **Discipline**

The student code of conduct confirms that students have a responsibility to use the facilities and services of the personnel of the Jackson Center Local School District for education. In order for the schools to operate safely and successfully, certain rules and regulations regarding student behavior must be established and enforced. Therefore, the student code of conduct is an attempt to list the major rules; however, other acts including unlawful behavior not on school time or property not listed could result in disciplinary action if the act is disruptive to the educational process, hinders other students' learning, or is deemed inappropriate.

Any student found to be in violation of any of these rules may be suspended for a period up to ten days and/or expelled for a maximum of 80 days. It shall be the decision of the appropriate school administrator, after carefully weighing all the facts and circumstances pertaining to an incident of misconduct, in light of the student's past record of behavior, as to which corrective measures are appropriate or adequate. Students aiding, abetting or conspiring in the commission of any school violation may receive a penalty equal to the attempted violation. Students who are suspended or expelled from an approved educational program in which Jackson Center Local School District is a participant are also suspended or expelled from the Jackson Center Local School District.

This code of regulations is adopted by the Board of Education of the Jackson Center Local School District pursuant to Section 3313.661 of the Ohio Revised Code.

Any pupil engaging in the types of conduct either specifically or generally like the kinds of conduct listed below is subject to expulsion, suspension, emergency suspension, or removal from curricular and extra-curricular activities pursuant to Ohio Revised Code. This Code of Regulations applies while a student is in the custody or control of the school, on school grounds, while at a school-sponsored function or activity or on school-owned or provided transportation vehicles. In addition, the Student Code of Conduct governs student activities at all times, on or off school property, when such student conduct would reasonably related to the health, safety, and welfare of student or such conduct would unreasonably interrupt educational processes of the Jackson Center Local School District. Pursuant to 3313.664 of the Ohio Revised Code, students may be suspended from participating in extracurricular activities for a period of time not to exceed the end of the school year for any violation of the Student Code of Conduct or violations of posted rules and regulations established by individual coaches or sponsors.

### **Dangerous Weapons In The School**

The Board is committed to providing the students of the District with an educational environment which is free of the dangers of firearms, knives, and other dangerous weapons.

The definition of a firearm shall include any weapon (including a starter's gun) which will or is designed to or may be readily converted to expel a projectile by the action of an explosion; the frame or receiver of any such weapon; any firearm muffler or silencer; or any destructive device includes any explosive, incendiary, or poison gas, bomb, grenade, rocket have propellant charge of more than four ounces, missile having an explosive or incendiary charge of more than one-quarter ounce, mine or device similar to any of the devices described above.

Students are prohibited from bringing a firearm on school property, in a school vehicle or to any school-sponsored event. If a student brings a firearm on school property, in a school vehicle or to any school-sponsored event, the Superintendent may expel that student from school for a period of one calendar year and notify the appropriate criminal justice or juvenile delinquency authorities. Any such expulsion shall extend, as necessary, into the school year following the school year in which the incident occurred. The Superintendent may reduce this requirement on a case-by-case basis.

Matters which might lead to a reduction of the expulsion period include: an incident involving a disable student and the incident is a manifestation of the disability; the age of the student and its relevance to the punishment; the prior disciplinary history of the student; and/or the intent of the perpetrator.

Students are also prohibited from bringing knives on school property, in a school vehicle or to any school-sponsored activity. The definition of a knife includes, but is not limited to a cutting instrument consisting of a blade fastened to a handle. If a student brings a knife on school property, in a school vehicle or to any school sponsored activity, the Superintendent shall expel the student from school, with the same expulsion implications as noted above.

### **Interrogations and Searches**

The District has responsibility for the control and management of the students during the school day and hours of approved extracurricular activities. While discharging its responsibilities the school administration is to make an effort to protect each student's rights with respect to interrogations by law enforcement officials. The administration has developed District regulations to be followed in the case of searches and interrogations.

The right of inspection of students' school lockers or articles carried upon their persons (including cell phones) and the interrogation of an individual student is inherent in the authority granted school boards. Administrators will employ procedural safeguards to protect the well-being of those children. All other searches will be conducted sparingly and only when such search is reasonably likely to produce anticipated tangible results to aid in the educational process, preserve discipline and good order or promote the safety and security of persons and their property within the area of the school's responsibility.

Student lockers are property of the District, and since random searches have a positive impact on reducing drugs and other criminal activity, it is the policy of the Board to permit the building administrator to search any locker and its contents as the administrator believes necessary.

Interrogations of students by law enforcement agencies and other authorities outside the District are extremely disruptive to a student's education process; additionally, such interrogations may impact student and/or parental rights. A determination whether to allow such interrogations will be made by school administrators on a case-by-case basis.

### **Surveillance Cameras**

Surveillance cameras are used both inside and outside of the building. The cameras are for the purpose of protecting you and your property. The video images may be viewed by school officials, law enforcement officials or any other person school officials deem appropriate to assist in identifying those persons or acts which are in violation of school rules or state law.

### **Dress Code**

Under Section 3313.20 ORC, the Jackson Center Board of Education is responsible for the establishment of reasonable rules and regulations as are necessary for its governing and the governing of pupils of its school.

The Jackson Center Board of Education believes that the primary function of the school is to educate the students of the district, and the major responsibility for the dress and appearance of the students rests with the parents. It is not the purpose of the school to dictate wearing apparel, but we are vitally interested in maintaining an atmosphere conducive to learning.

**Nothing, which interferes with the educational process and the school's stated philosophy will be acceptable. It is important for students to develop good dress and grooming habits that will be of value to them after graduation. (The Dress Code also includes accessory items of dress, such as jewelry.)**

In addition, the sponsor, coach or advisor of an extracurricular activity has the authority and responsibility to regulate the student's mode of dress and personal appearance in that particular activity.

Any dress or appearance that constitutes a threat to the health and safety of students or disrupts the education process is prohibited.

The following is a partial list of unacceptable dress. This list is not all inclusive and can be modified at any time to respond to the ever changing styles. These guidelines are offered to assist parents, students, faculty, and administration in determining what is considered inappropriate dress for school as well as all extracurricular activities and sporting events. The administration has the right to determine the appropriateness of school wear. Dress or appearance concerns may result in removal of the student from class (until the problem can be resolved) and/or disciplinary action.

The student's first dress violation will result in one or more of the following:

- a. Student asked to turn the article of clothing inside out
- b. Student asked to cover up the inappropriate attire
- c. Student asked to change clothes
- d. Student calls parents for different attire

The student's 2<sup>nd</sup> dress violation will result in the above in addition to further disciplinary action.

### **Academic Dishonesty**

Cheating, stealing answers, plagiarizing, and academic dishonesty in any form will not be tolerated in the school environment. The teacher will confiscate all evidence, document the situation, and report it to the principal. Any student involved in cheating (giving or receiving) will receive an automatic "0" on the work involved and the parents will be notified.

### **Driving Privilege**

**All student drivers must obtain a vehicle registration form from the office. Anyone failing to comply with THE STUDENT PARKING RULES may face a loss of privileges or possible fines.**

It is recognized that some of our students will drive to school because of school related work programs, after school activities, or after school jobs. While this is considered necessary, it is still important to note that students must drive carefully, with safety as the number one goal. Any student who is driving in excess of the speed limit around the school, "peeling" tires, or swerving recklessly will be disciplined by the taking away the privilege of driving to and from school. This suspension of driving may be for such a time period as to emphasize the importance of safe and responsible driving. If there is a second occurrence of unsafe driving, while under the jurisdiction of the school, the privilege of driving to and from school will be taken away for the remainder of the school year and result in other disciplinary action. No junior high student will be permitted to drive to school. Only seniors will be permitted to park in the senior parking section.

Students are also reminded that they could also lose their driving privileges for any one or a combination of the following reasons:

- ❖ Excessive tardiness
- ❖ Truancy, class cutting
- ❖ Suspensions

Any car driven to school must be registered in the high school office. Failure to register a car could result in loss of driving privilege or possible towing of the vehicle, which will be at the student's expense.

In addition, for reasons of safety, snowmobiles and ATV's are not permitted on school property.

### **Student Handbook/Planner/Hall Pass**

All student planners have hall pass pages. Students are to carry a signed pass inside the planner any time they are in the halls except during class changes or lunch. Parents are encouraged to check regularly to see when their student is leaving classes.

### **Extracurricular Activities**

Leaving an extracurricular event without permission will result in repayment to enter. Students are expected to be in the appropriate area of the extracurricular activity and not loitering in hallways, restrooms, or other areas. Students creating a disruption are subject to be ejected from the activity and further disciplinary action.

### **Eligibility for Athletic, Field Trips and All Extracurricular Activities**

**Each student shall meet the Ohio High School Athletic Association and Jackson Center Senior High School requirements to be eligible to participate in the interscholastic athletic program, field trips and/or any other school related extracurricular activities.**

### **Senior High School (9, 10, 11, and 12)**

In order for a senior high student to be eligible to participate, the following must be met:

- ❖ A student in grades 9, 10, 11, or 12 must be currently enrolled and must have been enrolled in school the immediately preceding grading period.
- ❖ A student must earn at least a 1.50 GPA each quarter in order to be eligible to participate in athletics and/or extra curricular activities during the following quarter.
- ❖ A student must earn passing grades in subjects that earn a minimum of 5.0 credits per year toward graduation each quarter in order to be eligible to participate in the next quarter.
- ❖ Students academically ineligible are permitted at the discretion of the coach/advisor to attend practice sessions or meetings of any organization, team, or groups unless it is an academic subject for which they earn a grade i.e. music, chorus, concerts, band, etc.
- ❖ The eligibility starts 24 hours after grades are in and ineligibility of a student begins with the start of the fifth (5) school day of the next grading period, at which time the grades from the immediately preceding grading period become effective.
- ❖ **EXCEPTION:** Eligibility or ineligibility for the first grading period commences with the start of the fall sports season.

### **Academic Eligibility for College Athletes**

High school students who plan to participate in college athletics at Division I or Division II schools need to meet several criteria to be declared eligible. The criteria include a minimum grade point average, required ACT or SAT scores and completion of a core curriculum including **a minimum of 16 approved academic courses**. Acceptable courses of the core curriculum and complete information are available from the guidance counselor. The NCAA website is [http://web1.ncaa.org/ECWR2/NCAA\\_EMS/NCAA.jsp](http://web1.ncaa.org/ECWR2/NCAA_EMS/NCAA.jsp)

### **Coming on A Team After The Season Has Already Begun**

There are circumstances under which an athlete can be permitted to come out for a team after the season has started - just moved into the school district, coming off an injury, becoming academically eligible, etc. This is left to the discretion of the high school principal who will get input from the coach and athletic director. Generally, athletes must be ready to go to the first day of conditioning or practice. An athlete in this situation may be required to complete a minimum number of practice days, not to exceed the preseason requirements for that sport.

### **Fire/Tornado/Evacuation Drills**

Fire and hazardous weather drills are an important safety precaution. It is essential that all students become familiar with the exit routes for each area of the building. When the warning signal is given, everyone should proceed by the prescribed route to a safety area as quickly as possible. Students are to remain as a group until the signal is given to return.

### **Grades – ProgressBook Parent/Student Access**

Parents and students will be issued their own individual username and password each year that will allow them to access their grades. The link to ProgressBook is found on the school website [www.jackson-center.k12.oh.us](http://www.jackson-center.k12.oh.us).

### **Grading Periods**

The grade report provides a running summary of a student's scholastic achievement for the benefit of student and parents. Additionally, this record provides an attendance and tardiness report. Grade slips are issued each nine-week period and are passed out here at school to each student during lunch.

## Grading Scale

The numerical grade on a student's grade card is the actual grade. However, the letter grade is added as a means of interpretation. The following is used:

100-93	A=4	Excellent
92-83	B=3	Above Average
82-73	C=2	Average
72-65	D=1	Below Average
64 - 0	F=0	Failure

A grade is not simply a numerical average of tests and quizzes. Also to be considered is homework, preparation for class, class participation and discussions, quality of projects and assignments, effort and other qualities. Teachers will discuss these criteria with the students.

## Graduation Requirements

### **Guidance**

Students are encouraged to see their counselor to develop, with the counselor’s help and encouragement, some of their life goals and to make realistic plans for moving toward these goals during and after their high school years.

Listed below are reasons students may wish to make appointments with the counselor:

- ❖ To inquire about guidance services
- ❖ To discuss school or personal problems
- ❖ To get help in learning how to learn more effectively
- ❖ To explore their own abilities and interests
- ❖ To get information about community services available to students for educational or emotional problems, family concerns, drugs, health problems, etc.
- ❖ To get information about vocational training programs, jobs, colleges, and financial aid.

To see the counselor, a student should contact the counselor personally or go to the high school office and request an appointment. The counselor will then set up a conference time with the student.

### **Progress Reports**

Progress reports will be issued at the mid-term of each of the four grading periods and at the discretion of the teacher, progress reports may be sent out at any time during the grading period. This report is to notify parents of misconduct or unsatisfactory academic progress as well as to communicate improved or exceptionally successful performance of students. Therefore, progress reports are used as a method to keep parents informed of a student’s progress (successful as well as areas of concern). It is hoped that parents will discuss the information conveyed in the report with their child and the teacher. Progress reports are only sent to those who request that they be sent (check appropriate line on first page of handbook).

### **Lockers**

Each student will be assigned a locker with a lock. Students are required to use the lock provided by the school. There is a rental fee for the lock. Lockers are considered to be property of the school and are not to be regarded as personal property. Students are not permitted to share lockers.

**Students are not permitted to have candy or pop in their lockers.**

Pictures, clippings, or drawings are not allowed on the outside surface of the locker and decals are not to be placed inside. Anything posted in or on lockers that graphically or symbolically promotes sex, drugs, or alcohol is unacceptable. The school is not responsible for any materials removed from a locker by another student. If a lock is lost, the loss should be reported to the office.

Students are responsible for all books, clothing, and other items stored in the locker. Locker Search Notice (Ohio Revised Code Sec. 3313.20 C)

**AT ANY TIME. ALL LOCKERS ARE PROPERTY OF THE BOARD AND ARE SUBJECT TO SEARCH**

### **Lost and Found**

The school maintains a lost and found depository in the office. Articles found should be turned in at once. Pupils may recover lost articles by identifying them. All items remaining in the lost and found at the end of the school year are donated to civic organizations.

## **Lunch**

Students are not allowed to order out nor have lunches brought in without permission from the high school office.

## **National Honor Society Eligibility for Membership**

Eligibility and selection are determined by the following criteria:

- ❖ A student must have completed his/her fourth semester of high school work.
- ❖ All junior and senior students' academic records are reviewed to determine scholastic eligibility. (3.35 cumulative grade point average or higher is required.)
- ❖ Students who are eligible scholastically are notified by the Chapter Advisor and informed with written notification that for further consideration for selection to the N.H.S. Chapter, they MUST complete the STUDENT ACTIVITY INFORMATION FORM.
- ❖ No student is selected for membership in the Therl Johnson Chapter of the National Honor Society solely on the basis of high academic average. The qualities of character, service and leadership will be considered.
- ❖ A five (5) member Faculty Council is appointed by the Chapter Advisor. The Chapter Advisor and the Principal are both considered non-voting members of this Council.
- ❖ The high school faculty is given a list of the academically eligible students and is asked to rate from 1-4 the areas of character, leadership and service of only those students they have had in class during the previous two years. Those scores are compiled by the Chapter Advisor and given to the five (5) member Faculty Council for review.
- ❖ The five (5) voting members of the Faculty Council review the Activity Information Forms submitted by the eligible students and the scores are submitted from the faculty and vote to determine the final selection of members.

THIS SELECTION PROCEDURE CONFORMS TO GUIDELINES SPECIFIED IN THE NATIONAL CONSTITUTION OF THE NATIONAL HONOR SOCIETY.

## **Use of Prescription Medicine**

Many students are able to attend school regularly only through effective use of medication in the treatment of disabilities or illnesses that will not hinder the health or welfare of others. If possible, all medication should be given by the parent at home. If this is not possible, it will be done in compliance with the following:

- ❖ The designated person appointed by the building principal will supervise the secure and proper storage and dispensation of medications. The drug must be received in the container in which it was dispensed by the prescribing physician or others licensed to prescribe medication.
- ❖ Written permission must be received from the parent or guardian of the student, requesting that the District comply with the physician's order.
- ❖ The designated person must receive and retain a statement which complies with State of Ohio law and is signed by the physician who prescribed the drug or other person licensed to prescribe medication.
- ❖ The parent/guardian or other person having care and charge of the student must agree to submit a revised statement, signed by the physician or other licensed individual who prescribed the drug, to the designated individual if any of the information originally provided by the physician or licensed individual changes.
- ❖ No employee who is authorized by the Board to administer a prescribed drug and who has a copy of the most recent statement will be liable in civil damages for administering or failing to administer the drug, unless he/she acts in a manner which would constitute "gross negligence or wanton or reckless misconduct."
- ❖ No person employed by the Board will be required to administer a drug to a student except pursuant to requirements established under this policy. The Board shall not require an employee to administer a drug to a student if the employee objects on the basis of religious convictions, to administering the drug.

Legal Refs: ORC 2305.23; 2305.231; 3313.712; 3313.713; OAC 3301-35-03; JHCD

Any non-prescription medicines such as aspirin, cough medicine, cough drops, etc. should be given at home by the parent if possible. If this is not possible, parents may also come to school to administer medications to their children. A written note must accompany any non-prescription medicine brought to the school by the student DAILY. Medicines will not be allowed to be in the possession of the student, but must be held at the high school office for safekeeping. **Non-prescription or over the counter drugs are NOT to be distributed by any student or the student may be subject to consequences per discretion of the principal.**

### **Schedule Change Guidelines**

Although a schedule change often is seen by students as the solution to a current problem, a further consideration of the problem itself may lead to the recognition that there are other and perhaps better solutions that may be chosen. Students and their parents are encouraged to discuss problems, goals, and objectives with the guidance counselor for help in finding useful alternatives and resources.

Schedule changes are made only through the guidance counselor and only with the approval of the principal. All schedule changes must occur before the second week of the semester. Parental approval is also required for all schedule changes.

Teachers' student assistants, office aides or other positions receiving no credit must be done during the student's periods that are free from credit courses such as study hall.

Vocational programs may not be dropped. These State-funded programs are staffed on the basis of student enrollment; enrollment must remain firm to maintain eligibility for State funds. It is understood, therefore, that a student who applied for and has been accepted into a vocational program has made a commitment, confirmed by his or her parents, to remain in it for at least one year.

### **Scholarship & Awards**

As an attempt to encourage students to strive for their highest possible level of achievement, our school has a number of honor awards that are awarded throughout the year. The awards and requirements are as follows:

**Merit and Honor Roll** will be published and awards given at the completion of each grading period. A student must have a 4.0 in all subjects to earn the merit roll. The honor roll will recognize only those students with a grade point average of 3 to 3.9.

**Glen R. Smith Outstanding Student Recognition** plaques are presented to both a senior boy and girl who achieve the most points in the areas of leadership, behavior, contribution, academic effort and achievement, character in conducting himself or herself in a sportsmanlike manner while participating in the everyday life and extracurricular functions of Jackson Center High School, especially in his or her consideration of his fellow man. The students are rated yearly by the teaching staff. The total of these evaluations over the four-year period is used to determine the winners of this award. A scholarship is also awarded to the recipients.

Many local organizations annually award financial aid to deserving students. Application for these must be made directly to the Guidance Counselor for the proper application form.

**Valedictorian Award** is given to the senior student(s) who has the highest cumulative grade point average over four years at the end of the fourth nine weeks.

**Salutatorian Award** is given to the senior student(s) who has the second highest cumulative grade point average over four years at the end of the fourth nine weeks.

**Senior Academic Awards** are given in the areas listed below based upon the recommendations of the faculty members in that particular area.

### **School Closings or Starting Delays**

Occasionally weather conditions may cause our school to have a delayed opening or a complete shutdown. Fog delays will be announced on RADIO only. In either of these events, the school superintendent will notify the following radio and television stations in the area to inform students and parents of the situation.

Dayton Area TV Stations:

WHIO-TV/Cable 7    WDTN-TV/Cable 2    WKEF-TV 22/Cable 3

Students and parents should not call the school, but rather listen to the radio or watch the TV on days in question. There will be two possible procedures:

### **Closing**

Dismiss school (closed) for the day. This will be used in extremely hazardous weather.

### **Delays**

Delay of the opening of school could be 1, 2 or 3 hours. This plan is used if weather and road conditions may improve by waiting. This allows time to determine if it would be necessary to close for the day. If a delay is put into effect our school will open later than usual, and students who ride buses will be picked up later than usual. Dismissal times will be at the regularly scheduled time. The only exception will be if a 3 hour delay has to be enacted.

**WHENEVER SCHOOL IS CANCELLED OR DELAYED, ANY DETENTION AND/OR MEETING THAT WAS SCHEDULED FOR THAT MORNING WILL BE POSTPONED.**

### **Student Handbook/Planner**

All students will be given a Student Handbook with a personal student planner incorporated in it. If the student loses their handbook, they will be required to buy a new one for \$8. Students are encouraged to have their Student Handbook/Planner with them at all times. Students will be using their planners in a variety of ways. Classroom teachers will require students to use the planner in their classes

### **Student Insurance**

Students will be given applications for student insurance, which, if the parent wishes, may be purchased to be used as an excess policy on the student. By excess we mean that after the parents' main medical insurance pays its share, this policy will pick up extra costs, up to designated amounts that would normally be paid by the parent.

The policy is handled by an agent of the insurance company and the school has no responsibility nor does the school do any claims or paper work. The school simply makes it available to the parents.

### **Telephone Use**

The office telephone is to be used by students only when there is an emergency and the student is given permission by the office secretary.

### **Textbooks**

Textbooks are loaned to the students for their use during the school year. Charges will be made for textbook damage or wear beyond a reasonable amount. Textbooks lost or not accounted for at the end of the year will be charged at full book value. **BOOK COVERS ARE REQUIRED ON ALL SCHOOL-OWNED TEXTBOOKS. THIS COVER SHOULD NOT BE TAPED DIRECTLY TO THE BOOK.**

Students should point out any damage of a textbook at the time of receipt so there will be no question at the end of the year concerning damage.

Students who lose books will be charged for the replacement cost of the book. Students will be assessed a fine for damages to textbooks beyond normal wear. The amount of the fine imposed should be in keeping with the cost of the book, the condition when issued, the condition when returned, and in some cases, the pupil's ability to pay. The suggested fine scale is as follows:

<b>Condition at Issuance</b>	<b>Description of Condition</b>	<b>Fines for Loss of Book - % of Cost</b>	<b>Fines for Defacement</b>
New	Unused	100%	New book, normal wear – No Charge
Excellent	No missing or torn pages	80%	Costs depend upon the extent of defacement
Good	No pages missing; solid bindings; some markings; no tears	60%	
Fair	Binding weak though all in one piece; torn pages mended; no pages loose or missing	40%	
Poor	In need of, but capable of repair; pronounced markings; seriously disfigured	20%	
Discard	Cover torn off or missing; cannot be restored to be usable		

### **Vending Machines**

Students are prohibited from using the vending machines during the school day, unless authorized by staff personnel. Any items purchased will be confiscated and consequences may be administered.

### **Visitors**

Persons wishing to visit Jackson Center High School must report to the main office for a Visitor's Pass (this includes former graduates of JCHS). Personal visitation is not encouraged. All visitors will be asked to sign in and to check out when they are leaving the building. Passes will be checked by the teaching staff when visitors are in the building. Visitations by students of other school districts is allowed only if permission has been obtained from the principal prior to the day of the visit, however, these types of visitations are generally discouraged.

### **Work Permits**

A part-time work permit is required for all students, age 14 through 17, who are employed on a part-time job except those jobs categorized as irregular employment i.e. mowing lawns, baby sitting, except on a full time basis, paper boy, etc.

A full-time work permit is required for any youth, ages 16 through 17, who is not attending regular school but is regularly employed.

A new part-time work permit is required each time a student changes part-time jobs. A work permit is issued for a specific job and is not a blanket permit to work part-time on different jobs. A new full-time work permit must be obtained for each new, full-time job a youth gets until said youth is 18 years of age.

**Applications for work permits may be obtained in the high school office.**

**A parent's signature is required to obtain a work permit.**
